

## TS-830 高週波熔接機

### HIGH FREQUENCY EMBOSSING MACHINE

#### Application 功能:

The machine can Complete TPU, PU, PVC, heating cutting, and various solid engraving synchronously.

本機可同步完成 TPU、PU、PVC、加熱切割及各種立體雕刻。

#### Feature 特色:

- Two-in-one machine. Enhanced power. Leading the industry. 二合一機台、增強功率、產業領先。
- Use air/oil pressure controlled independently, easy to operate, and extensive application. 採氣壓/油壓獨立控制，操作方便，應用廣泛。
- Semi-auto production design, increasing production capacity, reducing the lousy quality rate. 半自動生產設計，提高產能，降低不良品率。
- With a high sensitive protector of mold to prevent damages. 採用高靈敏模具保護裝置，防止損壞。
- Recreated parallel bar design, which can assure that the head of the machine is not in sway. 創新平衡感設計，確保機頭不搖晃。

#### Specification 規格表:

機型 Model	TS-830
高週波輸出功率 H.F. Out-put Power	10 KW
輸入功率 Input Power	18 KW
最大壓力 Max. Pressure (KGS)	1800 KGS
最小壓力 Min. Pressure (KGS)	100 KGS
活動距離 Pressure Stroke	65 m/m
定盤尺寸 Lower Electrode Size	350*700 m/m
機械尺寸 Machine size	2250*1400*1700 mm
